1959 | FOUNDATION
The Natuzzi Group took one of the most important steps of its professional career, when it decided to invest in the company it had been building up for years, so as to make good earnings and become a reference on the market.

1987 | VERTICAL INTEGRATION
The Group strategy changed direction, adopting a polyurethane manufacturing factory and, last but not least, the Santeramo plant for wooden tanneries in the region of Veneto and in the region of Campania; it then set up an industrial woodwork shop inside the Santeramo plant for wooden.

1992 | STOCK EXCHANGE LISTING ON THE NEW YORK STOCK EXCHANGE
In order to ensure Group continuity in strategic choices.

1993 | CERTIFICATION
Italian Quality Committee to an
